INTERVIEW SUMMARY

This is a summary of a brief telephone interview, which happened on March 19, 2003, between Examiner Fuller and the undersigned representative of the Applicants.

During the interview, Applicant's representative stated that the pending claims were limited to methods in which a growing step produces an  $\text{MgB}_2$  layer. Applicant's representative suggested amending the claims to explicitly recite that the layer is a  $\text{MgB}_2$  layer. The Examiner indicated that growing  $\text{MgB}_2$  layers did not seem to be taught by reference Satou.

Respectfully,
